Hi my name is \_\_\_\_\_,

**My friends at school and I are raising money to fund a clean water well in a developing country.** We are learning about the water crisis in parts of Africa, Asia, and South America, and want to do something to help. Each of us are giving up snacks or toys or movie tickets and taking the money we would have spent and using it to help others get clean water.

I was wondering if you or your business would be willing to match what we raise so that we can double the number of people that get access to clean drinking water. **For \$10 we can get one person clean water for 20 years and for \$3,000 we can fund a well that gives water to an entire village.**

All donations are tax-deductible and will support local students' efforts to impact the world.

\_\_\_ I will match whatever your school raises (up to \$1,500)

\_\_\_ I will match the first \$500 dollars your school raises

\_\_\_ I will give a \$50 matching donation in your name

\_\_\_ I will give \$10 and partner with you to save one more life.

\_\_\_ I will make a donation of \$ \_\_\_\_\_ towards your project.

Checks may be made payable to "Generosity Water" with "Students for Water" in the memo. Donations may also be made online at [www.generositywater.com](http://www.generositywater.com) **Be sure to pull down "Students for Water" and include my name and school in the memo.**

Thank you so much for considering!
